

## Photographic Historical Society of New England Officers: 1973 – 2022

An online supplement to the *New England Journal of Photographic History*, 2023, Issue 181.

Following its inception in April 1973, PHSNE immediately established a “Temporary Board” that performed all major decision-making duties until by-laws could be promulgated and an “elected board” formed. The first elected Board was seated in January 1974. Since then, 87 PHSNE members have served in various board positions, many serving in multiple positions for numerous terms. In 1992 the election cycle was switched from a June-to-June to a calendar year term. Five years later (1997), the Board revised the by-laws that extended the elected term from one-year to two years. The first two-year term began in January 1998 and ended in December 1999. Please note, during the past 50 years a few members left the Board prior to completing their term and were replaced with a new member via a majority vote by the Board. This table reports the names of all members that served during the various years, whether that service was a full or partial term.
